## PICKS OF THE WEEK

### Read of the Week

On the surface, *The Fountainhead* is a story of one man, Howard Roark, and his struggles as an architect in the face of a successful rival, and a newspaper columnist. The book addresses a number of universal themes: the strength of the individual, the tug between good and evil, the threat of fascism. The confrontation of those themes, along with the amazing stroke of Rand's writing, combine to give this book its enduring influence.

### Movie of the Week

In *Total Recall*, a factory worker, Douglas Quaid, begins to suspect that he is a spy after visiting Rekall - a company that provides its clients with implanted fake memories of a life they would like to have led - goes wrong and he finds himself on the run.

### Album of the Week

*Feel It Break* is the debut album of Canadian electronic band [Austra](#), featuring tracks "Lose It", "Spellwork", and "The Beast".
